GAS DETECTION

ON-THE-SPOT AMBIENT TEMPERATURE DISPLAY

Increases safety and reduces risk by enabling you to accurately correct for temperature changes on-the-spot.

GV-110 AUTOMATIC STROKE COUNTER

Tracks up to 10 pump strokes automatically so there is no chance of miscounting.

ONE-HAND ADAPTER

(optional accessory)

Enables you to operate the pump with the push of a button, freeing you to reach into tight spaces with one hand or hold onto a ladder.

FLOW FINISH INDICATOR

Ensures precise sample volumes by displaying when a 50 ml or 100 ml stroke is complete.
